Goering has released this picture to prove that Field Marshal Goering is not in the doghouse. He is shown (left) conferring with Hitler and Col. Gen. Wilhelm Kietel.

TEST BRAKES
Always test the brakes im-
mediately after the car has been
washed. Sometimes the brakes
become water-soaked and inef-
fective. Driving a short distance
in second gear with the brakes
partially applied will dry them
out quickly.

L. A. COUNTY FAIR'S FAIR HERALD

Typifying the spirit of the county fair, Miss Doris Wilson, selected as the typical county fair girl, will adorn placards, posters, postcards and other announcements used to herald to the thousands of prospective exhibitors in the 20 major divisions the near approach of the big exposition. The fair opens in Pomona Friday, Sept. 12 and runs through Sunday, Sept. 28.

How To Stuff And Bake A Fish

By Katharine Fisher
Director, Good Housekeeping Institute

Whole fish, stuffed and baked, ranks high in deliciousness and nutritive value, and is usually kind to your food budget. Summertime finds many varieties of fish at their best. Prepared as suggested here, your family will find baked stuffed fish a welcome change. Bluefish, Haddock, Bass, Mackerel, Shad, Weakfish, Whitefish and Cod lend themselves well.

- 1. Order a 4- to 5-lb. fish, cleaned and trimmed but not split—with or without head and tail, as desired. A 4-lb. fish will serve about 5 or 6.
2. Let the fish stand 5 minutes in salt water to cover. (Allow 2 tablespoons salt for each cup of water.) Drain.
3. Cut three or four gashes through the skin on each side of the fish, to keep the skin from cracking and fish from breaking in baking.
4. Stuff the fish (see recipe below); close the opening with toothpicks and string, or with needle and thread.
5. Brush the skin thoroughly with salad oil or melted fat.
6. Lay 2 strips of bacon or fat salt pork in a shallow, greased baking pan, and place the fish on the bacon. Lay two more strips of bacon on top of the fish.
7. Bake in very hot oven of 500° F. for 10 minutes. Reduce the heat to moderately hot oven of 400° F., and bake 10 to 15 minutes longer, or until the fish is easily pierced with a fork.
8. Lift fish carefully from pan onto a hot platter; remove thread or toothpicks; garnish; and serve.

Stuffing for Baked Fish
Tested by Good Housekeeping Institute. Use Institute-approved measuring cups and spoons. Measure level.
1 c. diced celery 2 tsp. crushed sage leaves
2 tsp. finely chopped onion 1/2 tsp. salt
1/2 cup butter or margarine 1/2 tsp. black pepper
1 qt. day-old bread cubes
Boil celery in 1 c. water for 15 to 20 minutes, or until tender; drain and reserve 4 tbsp. liquid. Cook chopped onion slowly in butter until transparent. Mix bread cubes, sauce, salt and pepper together; add celery, celery liquid, onions and butter, and mix thoroughly with a fork. Cover and let stand for 5 to 10 minutes. Will stuff a 4- to 5-lb. fish.

What to Serve with Baked Fish
Garnish with chives, watercress, or parsley, and lemon slices, cucumber, beer slices, tomatoes, or slices of canned cranberry sauce. Or serve with Spanish Sauce, Cucumber Sauce, Tomato Sauce, Egg Sauce, Oyster Sauce, or Olive Sauce.

H. C. LEGION
AGAIN TAKES
PICNIC PRIZE

Harbor City Post No. 382,
American Legion, for the sixth
successive year, carried away
the prize for the largest registra-
tion at the annual 19th Dis-
trict picnic. The picnic was held
in Torrance city park and the
Torrance Post donated the prize.
Ed Bird of Torrance presented
Jack Figels, commander of the
Harbor City Post with the trophy.

Figels asks The News to
thank all the members for their
support in making the day the
success it proved to be. He re-
cently was installed as new
commander and feels strongly
that with the present conditions
of unrest, all veteran organiza-
tions have a big program ahead
of them the coming year. Youth
activities, especially, will be pro-
moted by the local post, who
have a well organized Sons of
the American Legion Squadron
and a Junior Auxiliary.

Motorists Advised
to Conceal Extra Key

The wisdom of secreting extra
keys on the outside of the car
where they will be available if
the regular keys are lost or
misplaced was pointed out in a
bulletin from the Automobile
Club of Southern California.

Various convenient places un-
der the hood offer such conceal-
ment, or extra keys can be
placed inside a hub cap. If a hub
cap is used as the hiding place,
wrap the keys in a piece of
cloth or paper to prevent rattling.
Another method is to solder
the keys lightly to the inside
of the cap for easy removal
when needed.

Homing pigeons used by the
U. S. army live about eight or
nine years.
